Security System

CCTV Systems

At Bennellin Security Systems we offer a wide range of CCTV Systems to help you secure your property, whether it's for your home, office, or commercial space. We provide high-quality surveillance solutions from top brands like Dahua, Hikvision, Honeywell, UNV, and Tiandy. Our CCTV systems are designed to deliver reliable, high-definition video surveillance, ensuring that you can monitor your property 24/7.

Security System Integration

Bennellin Security Systems provides comprehensive Security Integration Solutions that bring together various security systems into a unified, seamless platform. Our security integration services help businesses create an effective and responsive security ecosystem, ensuring the protection of assets, data, and people.

Visitor Management Systems

Bennellin Security Systems offers advanced Visitor Management Systems designed to enhance security and improve the visitor experience. Our systems help businesses efficiently manage visitors, track entries, and ensure a smooth check-in process.

Fire-Rated Doors

Bennellin Security Systems offers top-of-the-line Fire-Rated Doors, designed to protect lives and property by preventing the spread of fire and smoke. Our fire-rated doors are built with high-quality materials to withstand extreme temperatures and provide vital protection during emergencies.

Gate Barrier Systems

Enhance security & control access with our advanced gate barrier solutions. Designed for efficiency & durability, these systems ensure smooth vehicle flow while safeguarding your premises.

Rolling Shutters

Bennellin Security Systems offers high-quality Rolling Shutters designed to provide superior security and convenience for both residential and commercial properties. Whether you need protection for windows, doors, or storefronts, our rolling shutters deliver reliable performance.

Industrial Shutter Doors

Durable, secure, and space-saving solutions for warehouses, factories, and commercial facilities, ensuring smooth and efficient access. These doors are built to withstand harsh conditions, ensuring safety and convenience for your operations.

Access Control Systems

Automatic Doors

State-of-the-art automatic sliding, swing, and revolving doors for residential, commercial, and industrial use. Automatic Doors that provide convenience, security, and energy efficiency for both commercial and residential properties.

Access Control Systems

Advanced access management solutions designed to provide security and convenience for homes, offices, and industrial facilities. Our solutions offer easy management of who enters and exits your building, providing enhanced safety and control.

Automatic Gates

Stylish and secure automatic gate systems for enhanced property access and safety. Transform your property's entrance into a statement of elegance and security with our cutting-edge automatic gates.

Hydraulic Bollards

High-performance hydraulic bollards offering reliable perimeter security and vehicle access control. These heavy-duty systems are designed to manage vehicle access while providing maximum protection for your property, whether in high-security areas or public spaces.

IT Supply & Maintenance Services

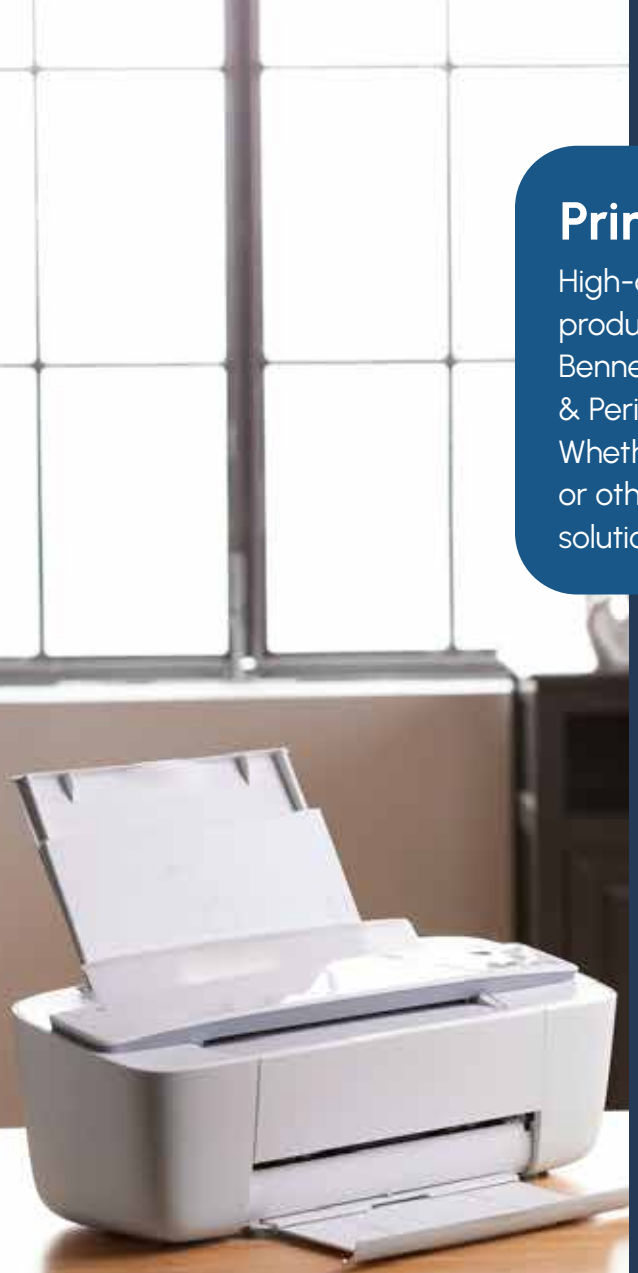

Computer Workstation & Servers Supply

Our extensive high-quality workstations and servers guarantee that your IT infrastructure is always reliable, safe, and functional.

Network & Structured Cabling

We offer comprehensive Network & Structured Cabling Solutions to ensure that your business's IT infrastructure is efficient, secure, and future-ready. Whether you're looking for secure network solutions, professional switch configuration, or reliable cabling, we've got you covered.

Printers & Other Peripheral Devices

High-quality printers, scanners, and accessories to optimize productivity and streamline your business operations. Bennellin Security Systems offers a wide range of Printers & Peripheral Devices to meet all your business needs. Whether you're looking for high-quality printers, scanners, or other essential devices, we provide reliable and efficient solutions to enhance your workflow.

IT Infrastructure

Transform Your IT Infrastructure with Fast, Resilient, and Sustainable Solutions. Bennellin Security Systems, a top IT infrastructure service provider, offers businesses agile, scalable, and reliable solutions. Their services include IT consulting, management, wireless solutions, storage, managed IT services, and backups.

ICT Supply Solutions

We specialize in providing top-quality ICT (Information and Communication Technology) supplies that meet the diverse needs of businesses across industries. Whether you're upgrading your office, expanding your IT infrastructure, or setting up a new network, we offer a wide range of products to ensure your technology runs smoothly.

AMC (Annual Maintenance Contract) Solutions

We understand the importance of keeping your IT systems and equipment in top condition. With our Annual Maintenance Contracts (AMC), you can ensure that your business's technology operates seamlessly throughout the year, minimizing downtime and preventing costly repairs.

WiFi Systems

High-speed connectivity with Bennellin Security Systems' WiFi solutions. From small businesses to enterprise networks

Cyber Security Solutions

Cyber Security Solutions

Protect your digital assets with our comprehensive cybersecurity solutions that ensure data privacy and uphold IT system integrity.

EDR Solutions

Protect your systems with advanced Endpoint Detection and Response (EDR) solutions. Detect, analyze, and respond to threats in real time to prevent malicious activities.

Cyber Security Solutions

Empower your communication & file management with secure, scalable solutions. Our email & cloud storage services provide reliable access to your data anytime, anywhere,

Automation

Home Automation Solutions

Empowering smart living with automated control of lighting, climate, security, and more for a seamless lifestyle.

Audio Visual Solution

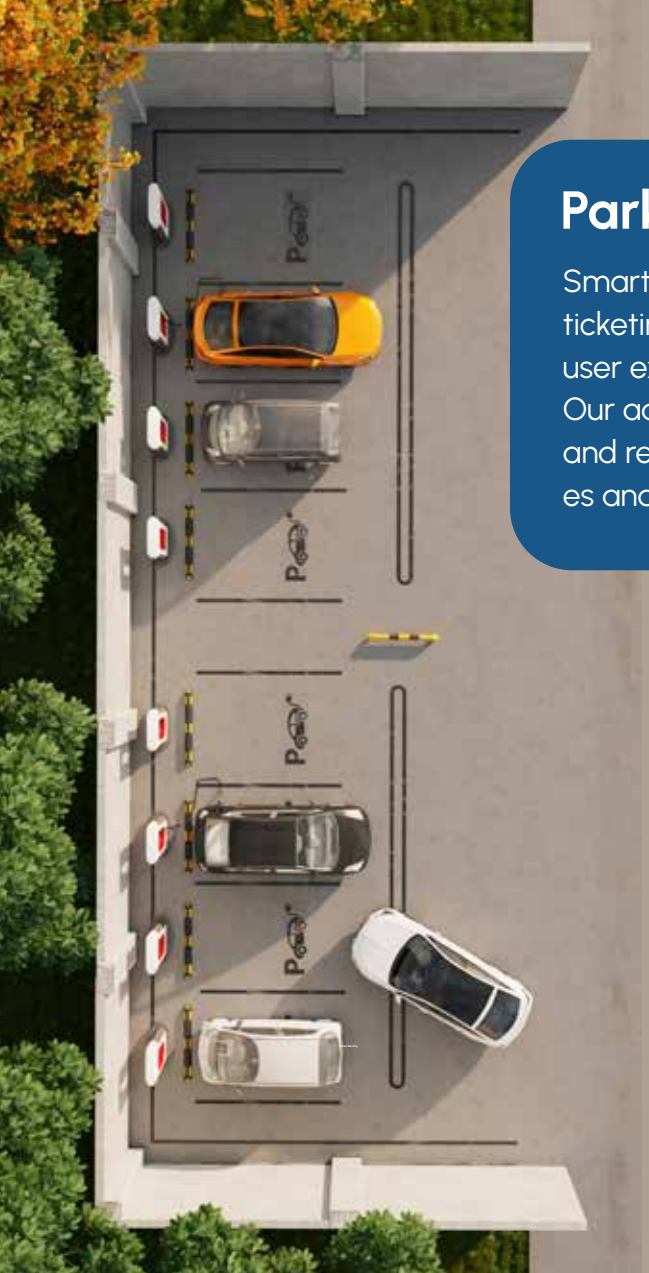

We provide cutting-edge Audio Visual (AV) Solutions designed to elevate your business communication and enhance presentations. Whether it's for conference rooms, events, or classrooms, our AV solutions are tailored to meet your needs.

Automated Pool Covers

Automated Pool Covers that combine convenience, safety, and energy efficiency for your swimming pool. Our advanced solutions ensure your pool is protected when not in use, making maintenance easier and helping to keep your pool clean and secure.

Parking Management Systems

Smart systems for efficient parking operations, including ticketing, monitoring, and space optimization. Enhance user experience, and maximize parking space utilization. Our advanced systems help businesses, municipalities, and residential areas efficiently manage parking resources and ensure smooth, hassle-free parking for all users.

Video Wall and LED Screen Solutions

At Bennellin Security Systems, we offer top-of-the-line Video Wall and LED Screen solutions that bring your content to life. Whether you need a dynamic display for a corporate environment, a retail store, or an event space, our high-quality LED screens and video walls are designed to deliver vibrant, sharp, and engaging visuals.

Software Solutions

Cloud Services

Efficient, Scalable, and Secure Cloud Solutions. Unlock the full potential of cloud computing and accelerate app modernization to drive innovation for your clients.

Video Conference Solutions

Distance is no longer a barrier to productivity with advanced video conferencing solutions. Whether transitioning to decentralized offices or supporting remote work, video conferencing keeps teams connected and collaborative.

Cloud Computing

Empowering businesses with AI-driven, multi-cloud solutions for agility, resilience, and efficiency. We are committed to leveraging our cloud computing capabilities to unleash the full potential of AI and maximize human potential and prosperity.

Reliable & Cost-Effective 3CX Phone System Solutions

Bennellin Security Systems is your trusted provider of 3CX Solutions. Our advanced VoIP phone system software is designed to cater to businesses of all sizes, delivering excellent call quality and an array of powerful features to help you stay connected with customers and colleagues effortlessly.

IP PBX Telephone System

We provide advanced IP PBX Telephone Systems that are designed to enhance communication within your business. With cutting-edge products from top brands like Grandstream, Cisco, and Yealink, we ensure that you have reliable, high-quality communication solutions to keep your team connected and your business running smoothly.

Our IT & Technology Service

IT Staffing Solutions

We provide highly skilled IT professionals to meet your short-term and long-term staffing needs. Whether you're scaling up for a project or filling specialized roles, our extensive talent pool ensures the right fit, every time.

Managed IT Operations

Ensure seamless business continuity with our onsite and remote IT management services. From infrastructure monitoring to proactive issue resolution, we handle your day-to-day operations so you can focus on growth.

Centralized IT Hotline

Simplify support with a dedicated hotline for all your technology needs. Our centralized helpdesk provides fast, reliable assistance — reducing downtime and keeping your teams productive.

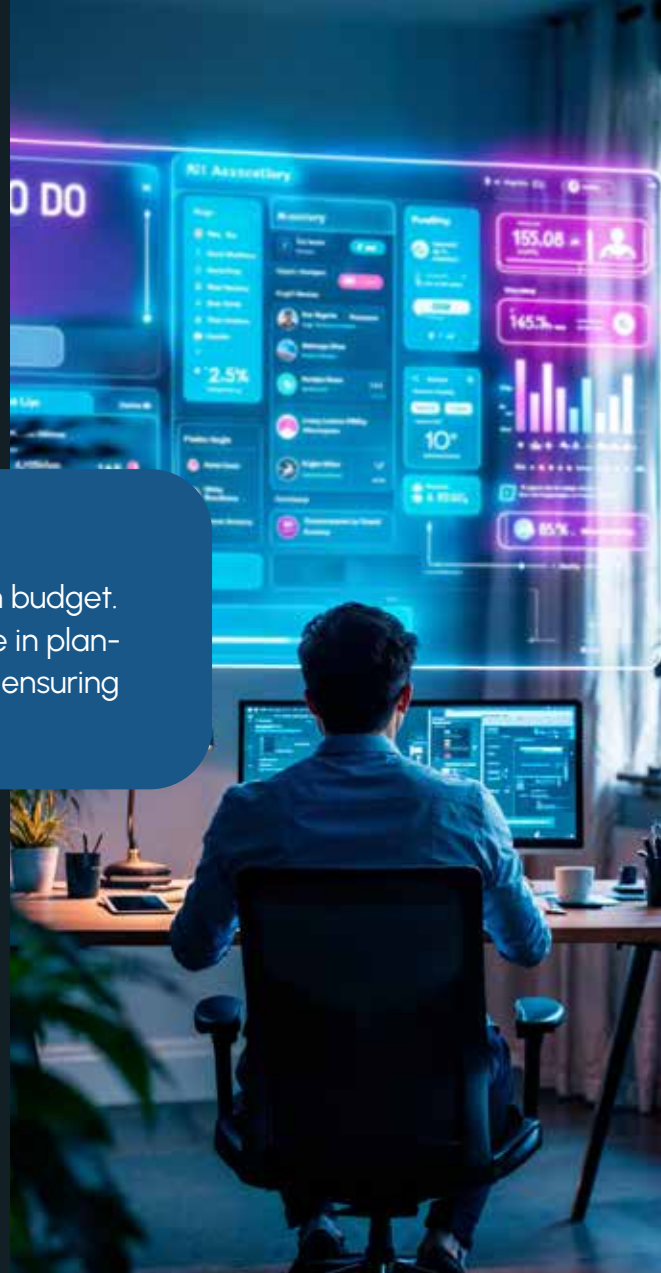

IT Project Management

Deliver complex IT projects on time and within budget. Our certified project managers bring expertise in planning, execution, and stakeholder coordination, ensuring successful outcomes from start to finish.

Audio-Visual (AV) Projects

We design, implement, and support cutting-edge audio-visual solutions tailored to your business environment. From conference room setups and digital signage to large-scale event systems, our AV projects ensure crystal-clear communication and impactful presentations.
